Common Carrier means any land, sea, and/or air conveyance operating under a valid license for the transportation of passenger for hire.

Company shall be Arch Insurance Company.

Elective Surgery or Elective Treatment means surgery or medical treatment which is not necessitated by a pathological or traumatic change in the function or structure in any part of the body first occurring after the Insured's effective date of coverage. Elective Surgery includes, but is not limited to, circumcision, tubal ligation, vasectomy, breast reduction, sexual reassignment surgery, and submucous resection and/or other surgical correction for deviated nasal septum, other than for necessary treatment of covered purulent sinusitis. Elective Surgery does not apply to cosmetic surgery required to correct a covered Accident.

Emergency means a medical condition manifesting itself by acute signs or symptoms which could reasonably result in placing the Insured Person's life or limb in danger if medical attention is not provided within 24 hours.

Experimental/Investigational means all services or supplies associated with: 1) Treatment or diagnostic evaluation which is not generally and widely accepted in practice of medicine in the United States of America or which does not have evidence of effectiveness documented in peer reviewed articles in medical journals published in the United States. For the Treatment or diagnostic evaluation to be considered effective such articles should indicate that it is more effective than others available; or if less effective than other available Treatments or diagnostic evaluations, is safer or less costly; 2) A drug which does not have FDA marketing approval; 3) A medical device which does not have FDA marketing approval; or has FDA approval under 21 CFR 807.81, but does not have evidence of effectiveness for the proposed use documented in peer reviewed articles in medical journals published in the United States. Hospital also means a place that is accredited as a hospital by the Joint Commission on Accreditation of Hospitals, American Osteopathic Association, or the Joint Commission on Accreditation of Health Care Organizations (JCAHO). For Hospital stays, this means that acute care as an Inpatient is necessary due to the kinds of services the Insured Person is receiving or the severity of the Insured Person's condition, in that safe and adequate care cannot be received as an Outpatient or in a less intensified medical setting. The fact that any particular Physician may prescribe, order, recommend,

Reasonable and Customary means the maximum amount that the Company determines is Reasonable and Customary for Covered Expenses the Insured Person receives, up to but not to exceed charges actually billed. The Company's determination considers: 1) amounts charged by other Service Providers for the same or similar service in the locality were received, considering the nature and severity of the bodily Injury or Illness in connection with which such services and supplies are received; 2) any usual medical circumstances requiring additional time, skill or experience; and 3) other factors the Company determines are relevant, including but not limited to, a resource based relative value scale.

For a Service Provider who has a reimbursement agreement, the Reasonable and Customary charge is equal to the amount that constitutes payment in full under any reimbursement agreement with the Company.

If a Service Provider accepts as full payment an amount less than the negotiated rate under a reimbursement agreement, the lesser amount will be the maximum Reasonable and Customary charge.

The Reasonable and Customary charge is reduced by any penalties for which a Service Provider is responsible as a result of its agreement with the Company.

Relative means spouse, parent, sibling, Child, grandparent, grandchild, step-parent, step-child, step-sibling, in-laws (parent, son, daughter, brother and sister), aunt, uncle, niece, nephew, legal guardian, ward, or cousin of the Insured Person.
